Shockey Consulting Services will conduct an official Institute for Sustainable Infrastructure's Envision® Sustainability Professional (ENV SP) credentialing workshop on Wednesday, May 24. Participants will learn how to use the Envision infrastructure rating system to aid in sustainable planning and design. The full-day workshop will include a mix of presentations, credit exercises, case studies, and project examples to provide the necessary training on the Envision rating system framework, self-assessment process, and verification process. This course prepares students to take the ENV SP credentialing test. If interested in the workshop or additional information, please complete a short survey at https://www.research.net/r/APWA_Mid_Am_Envision_Workshop.

Thursday, May 25, 2017
